HOW TO CREATE YOUR IRCC SECURE ACCOUNT

The screenshot shows the IRCC secure account interface. At the top, there are navigation links for 'Government' and 'Gouvernement'. Below this, a user is signed in as 'Account' (indicated by a green box). The main content area is divided into three sections:

- View the applications you submitted:** This section includes a search bar and a table with columns for 'Application type', 'Application number', 'Applicant name', 'Date submitted', 'Current status', 'Messages', and 'Action'. The table currently displays 'No data available in table'.
- Continue an application you haven't submitted:** This section also includes a search bar and a table with the same columns as the first section. It also displays 'No data available in table'.
- Start an application:** This section contains a list of application types, with 'Apply to come to Canada' highlighted by a green box. Below this list, there is a note: 'For approved study permit holders only. Tell us if you are changing designated learning institutions. You will need your application number.'
